

## NOTE ON STUDIO USAGE

You will be given a key to access the studios during the duration of your Pure Passion Pilates Certification Program. We will provide you with a list of times when the studio is free to use. We will require your signature on our *Studio Usage Contract*.

***If the contract is violated, your program participation will be immediately revoked and you will not be permitted to complete the program.***

## STUDIO USAGE HOURS

The studio must not have any scheduled sessions or privates with Pure Passion Pilates' clients in order for you to use it for self-practice or practice teaching. Additionally, if you come at one of the designated times listed below and it turns out the studio is in use with a paying Pure Passion Pilates' client, you will have to leave and return when it is empty. However, be aware that you may have to share the studio with another one of your colleagues from the Certification Program. To avoid conflicts, verify with Billie that the studio is free at the time you wish to come in.
